Bagley State #3, 30-025-22016, C Sec 16-T11S-R33E

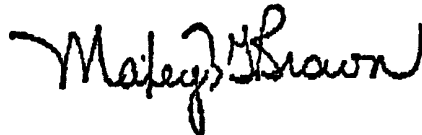

Dear Operator:

Recent inspection(s) at the request of surface lessee/rancher Ricky Pearce, has brought attention to the fact that approximately 13 operator owned electric poles, with electric wire and 1 set of transformers were left after the three (3) referenced wells were plugged. Two (2) poles have broken off causing the transformers and wire to fall to the ground. The OCD requests that the operator remove poles, wire and transformers from these locations under Rule 19.15.25.10.D. (4).

In the event that you have questions please contact Staff Manager, E.L. Gonzales at 575-393-6161 ext. 114.

Thank you for your prompt attention to this matter and your efforts in helping to protect our environment and the infrastructure of the oil and gas industry.

Sincerely,

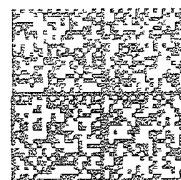

COMPLIANCE OFFICER
