13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

RUN TEMPORARY FRESH WATER FRAC LINE:

Chesapeake, respectfully, requests, permission to run a temporary frac water line from the fresh water pit to the well location all on Private Surface. We will be running approximately 5700 feet of 8" Aluminum pipe. We plan to start fracing around April 5th. We will need the temporary line for approximately 30 days and will be removed upon completion of the frac job. We will ensure that they purge the line into the frac pits or tanks before taking the line up to prevent large volumes of water from coming out of the line and onto the soils causing erosion. Please see the attached Arch Survey and plat.

(CHK PN 618706)

14. I hereby certify that the foregoing is true and correct.
