3. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Cameron Oil & Gas Co., Inc. has corrected the Environmental Problems as listed in BLM Order No. 14-013-10W, as of March 10, 2010.

The existing bare portions of the pad were worked and grass seed planted as required. A berm 2 feet high and the length worked out with Randy Legler was placed on the west side of the pad between the two-track road and the pad. Sweatt Construction Co. of Artesia, NM consulted with Randy and completed the work as required.
