**LETTER OF VIOLATION - Inspection**

Dear Operator:

The following inspection(s) indicate that the well, equipment, location or operational status of the well(s) failed to meet standards of the New Mexico Oil Conservation Division as described in the detail section below. To comply with standards imposed by Rules and Regulations of the Division, corrective action must be taken immediately and the situation brought into compliance. The detail section indicates preliminary findings and/or probable nature of the violation. This determination is based on an inspection of your well or facility by an inspector employed by the Oil Conservation Division on the date(s) indicated.

Please notify the proper district office of the Division, in writing, of the date corrective actions are scheduled to be made so that arrangements can be made to reinspect the well and/or facility.

Absent Well Identification Signs (Rule 103)						
<b>Rule Violation</b>						
<b>Comments on Inspection:</b> No well Sign (Rule 103).Second notice. Flowline leak at well ran 75 yards to the south, no cleanup. A new well sign is to placed at this and any other wells without signs and a clean-up of spill site is to be approved by OCD and begin ASAP. Non-compliance with this letter will be turned over to legals for compliance conference.						

In the event that a satisfactory response is not received to this letter of direction by the "Corrective Action Due By:" date shown  
above, further enforcement will occur. Such enforcement may include this office applying to the Division for an order  
summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently  
plug and abandon this well. Such a hearing may result in imposition of CIVIL PENALTIES for your violation of OCD rules.

Sincerely,

Hobbs OCD District Office
