13. Describe proposed or completed operations. (clearly state all pertinent details, starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

1. A variance is requested from Standard BOP test requirements. Propose to test BOP's and casing with a combination of rig pump and closing unit pump to 1000 psi. Will hold pressure for required duration without leakage, before proceeding with drillout operations.
2. All other requirements of APD and Onshore Order #2 will be satisfied.

14. I hereby certify that the foregoing is true and correct
