	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

3 stage frac design to recompleate the above well in the Penn-Wolfcamp-Bone Springs. Estimated time for approval from partners/working interest owners is 3-6 months.

Dear Ms. Massengil,

Pursuant to our telephone conversation today on June 23 in regards to the notice sent May 13, and subsequent letter sent by the undersigned on June 18, for the above captioned well, Snow Oil & Gas Inc is hereby notifying the BLM of its intention to place the well back on production by attempting to re-complete in the Penn Shale. Snow is waiting for partner approval of AFE in this matter. I have enclosed the Sundry notice for your approval.

Should you have any questions, you may reach the undersigned shown on this letterhead or by cell phone at (432) 770-8342.

Respectfully,

Snow Oil & Gas, Inc.

Joe Lindemood
