13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Federal 19 tank battery is in the process of repair to 2 stock tanks and one production separator. Both tanks will be cleaned, sand blasted, tank bottoms will be inspected and repaired if necessary then plastic coated. Production heater will be cleaned out, blasted and coated. All associated lines, valves and dumps will be repaired or replaced.
