Hi Donna,

I assigned a Miscellaneous pun for this well based on the following instructions, which I am also including for your information as well. Thank you

Salt Water Disposal

If they are reporting water they will also have oil to report. Do Not assign PUN until production is reported.

- This type of well does not need to have acres or C104. Assign as MISC pun type. The SFXM screen needs to be filled out with at least 40 acres and Suffix for the Bottom Hole Locn. Also, SFXS screen might need to be completed.
- Reporting is on slop oil (05)
- Reporting on water is not to Taxation & Revenue
