13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

All Hard Pan was removed on all locations and roads. These areas were then tested for TPH, BTEX, and Chlorides. Once verified that all levels were below acceptable limits, these areas were reclaimed by burying any soil not native for topsoil, ripped, and re-seeded with seeding native to this area. A flat plate was installed for the dry-hole marker
