On 07/11/2010 we had a release a produced water line from the Pearsall A-1 well. Less than 1bbl was released but the oversprayed area measures 20 yards x 20 yards. The line has been repaired and put back into service. The GPS coordinates of the release area are as follows:

32 47.481
103 46.104

We will await specific instructions before any surface disturbance in the pasture area.

Verbal To Josh Russo to remove contaminants and length of sucker rod.
