13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompletable horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletable in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Due to recompletable to the Cherry Canyon formatio, the well is no longer in the Lusk West Delaware Unit. Therefore, Cimarex has changed the name of this well from Lusk West Delaware Unit No. 906 to Southern California Federal No. 7.

Recompletable report 3160-4 and new C-104 to be filed under separate cover for the new completion, and the well name on the 3160-4 and C-104 will be Southern California Federal No. 7.
