13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

In response to the good faith document dated April 28, 2011, Operator will make all necessary replacements and improvements on or before May 31, 2011.

All of the valves will be sealed and/or replaced on all tanks located on location. Operator will also paint gauging reference points on both tanks.

Operator will also clean spill by digging 6" in ground, removing damaged earth and covering area with caliche, will dispose of material at CRI in Hobbs and covering it with caliche.
