Mr. Roy Yarbrough
Oil Conservation Commission
Hobbs, New Mexico

Dear Roy:

We have received approved, corrected copy of C-101 on F. R. Jackson Skarda No. 1 well in Curry County. This gives the location as 330 from south and east lines of section 3, which obviously does not place it in the SW/4 SW/4 SE/4. We believe this should be in the SE/4 SE/4 SE/4.

We received no copy of surveyor's plat, but seems there is very little agreement between correspondence that has taken place, the plat and the final approved C-101. Please advise.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Dick".
