Re: Final Plugging Report  
Linam Well #1-C  
Section 23, T9S, R32E  
Lea County, NM

Gentlemen:

A recent inspection of the above-referenced well indicates the location is ready to be released. However, this cannot be done until such time as you submit a subsequent report of the actual plugging of this well.

As soon as Form C-103 (subsequent report of PA) has been received this plugged well will be released.

Very truly yours,

OIL CONSERVATION DIVISION
