Recompletion to North Mescalero Wolfcamp

Gentlemen:

According to our records you attempted a recompletion of the above-referenced well from the Mescalero San Andres to the Wolfcamp and sold some test oil in July 1990.

Please file a subsequent report of the work done to abandon the San Andres and recomplet to the Wolfcamp. If well is producing submit C-104 for allowable or C-103 requesting permission to leave well TA or your intention to plug.

Very truly yours,
