In the apparent absence of existing corner monuments in the interior of Township 10 South, Range 32 East, N.M.P.M., the Northeast corner of Section 15, T 10 S, R 32 E was ascertained for the purposes of this survey by beginning at the General Land Office monument common to Sections 12 & 13, T 10 S, R 31 E, and Sections 17 & 18, T 10 S, R 32 E, and measuring East according to the distances shown on the Surveyor Generals Plat of T 10 S, R 32 E, dated Aug. 19, 1882, and does not purport to be an exact retracement of lines or establishment of corners.
