OIL CONSERVATION COMMISSION
SANTA FE, NEW MEXICOHobbs, New Mexico
(Place)September 5, 1953
(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the Cities Production Corporation

State AD

(Company or Operator)

Well No. 3 in P

(Unit)

SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 22, T. 10 S, R. 32 E, NMPM., Hescalero Devonian PoolLea County.FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

The Cities Production Corporation State AD #3 was originally projected to test the Devonian. After drilling to 10,162 it was found to be running too low for a successful completion in the Devonian. It is our intention to plug back and test a show in the Wolfcamp zone.

No shows were found below 8900', so we propose to set a cement plug approximately 8550' to 9000' and set 5½" casing at 8330' and test the Wolfcamp zone 8330-8550. Acid will be used if found necessary.

Approved SEP 11 1953, 19____
Except as follows:

Approved
OIL CONSERVATION COMMISSION
