Re: State Well #1
Unit A, Sec. 11, T11S, R32E

Gentlemen:

We have this date approved your intention to re-enter the WTG Exploration Inc. WTG State Well #1 and attempt a gas completion in the Mississippian. This approval is subject to the following:

- 1) Before the well can be produced as a gas well from the Mississippian you must obtain approval of the non-standard location from our Santa Fe office.
- 2) Also, you must obtain a communitization agreement for the dedicated acreage since there are two separate state leases involved in the 320 acres dedicated to this proposed well completion.

If you have further questions, please contact me at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
