

Page 2 - Samples
 Viersen & Brown, Robinson #1

- 1270 1280 Red and green sandy shale 90%, red and green very coarse textured sandstone 10%.
- 1290 Red and green sandy shale 60%, red very coarse textured sandstone 40%
- 1300 Red and green sandy shale 55%, red very coarse textured sandstone 45%.
- 1310 Red and green sandy shale 75%, red very coarse textured sandstone 25%.
- 1320 Red and green sandy shale 85%, red very coarse textured sandstone, some green, 15%
- 1330 Red and green sandy shale 90%, red very coarse textured sandstone, some green, 10%
- 1340 Red and green sandy shale 90%, red very coarse textured sandstone, some green, 10%
- 1350 Red and green sandy shale 75%, red some green very coarse textured sandstone 25%
- 1360 Red and green sandy shale 70%, red and white coarse textured sandstone 30%
- 1370 Red and green sandy shale 85%, red and white coarse textured sandstone 15%
- 1380 Red and green sandy shale 80%, red and white coarse textured sandstone 20%
- 1390 Red and green sandy shale 80%, red and white coarse textured sandstone 20%
- 1400 Red and green sandy shale 75%, red and white coarse textured sandstone 25%
- 1410 Red and green sandy shale 70%, red and white coarse textured sandstone 30%
- 1420 Red and green sandy shale 70%, red and white coarse textured sandstone 30%
- 1430 Red and green sandy shale 80%, red and white coarse textured sandstone 20%.
- 1440 Red and green sandy shale 85%, red and white coarse textured sandstone 15%
- 1450 Red and green sandy shale 75%, red and white coarse textured sandstone 25%
- 1460 Red sandstone 30%, red and green shale 69%, white lime 1%
- 1470 Red sandstone 45%, red and green shale 53%, white and pink limestone 2%
- 1480 Crystalline and massive anhydrite 20%, white anhydritic limestone 10%, red sandstone 60%, red shale 10%
- 1490 Crystalline and massive anhydrite 20%, white anhydritic limestone 10%, red sandstone 55%, red shale 15%
