

Page 7 - Samples
 Viersen & Brown, Robinson #1

- 2320 2330 Red and green shale 25%, red and green fine to medium textured sandstone 40%, crystalline and massive anhydrite 30%, white to tan anhydritic limestone 5%
- 2340 Red and green shale 30%, red and green fine to medium textured sandstone 20%, crystalline and massive anhydrite 55%, white and tan anhydritic limestone 5%
- 2350 Red and green shale 25%, red and green fine to medium textured sandstone 15%, crystalline and massive anhydrite 55%, white to pink slightly anhydritic limestone 5%
- 2360 Red and green shale 60%, red and green fine to medium textured sandstone 5%, crystalline and massive anhydrite 35%, white to pink slightly anhydritic limestone trace
- 2370 Red and green shale 65%, red and green fine to medium textured sandstone 5%, massive anhydrite 30%, white to pink slightly anhydritic limestone trace
- 2380 Red and green shale 30%, red and green fine to medium textured sandstone trace, crystalline and massive anhydrite 70%, white to pink slightly anhydritic limestone trace
- 2390 Red and green shale 15%, crystalline and massive anhydrite 85%, white to pink slightly anhydritic limestone trace
- 2395 Red and green shale 10%, crystalline and massive anhydrite 90%, white to pink slightly anhydritic limestone trace
- 2400 Red and green shale 5%, crystalline and massive anhydrite 95%
- 2405 Red and green shale trace, crystalline and massive anhydrite 100%
- 2410 Crystalline and massive anhydrite 100%
- 2415 Crystalline and massive anhydrite 100%
- 2420 Crystalline and massive anhydrite 100%
- 2425 Crystalline and massive anhydrite 95%, red and green shale 5%
- 2430 Crystalline and massive anhydrite 100%
- 2435 Crystalline and massive anhydrite 90%, red and green shale 10%
- 2440 Red and green shale 10%, crystalline and massive anhydrite 90%, white to pink slightly anhydritic limestone trace
- 2445 Red and green shale 5%, crystalline and massive anhydrite 95%
- 2450 Crystalline and massive anhydrite 100%
- 2455 Red and green shale 5%, crystalline and massive anhydrite 95%, white to pink slightly anhydritic limestone trace
- 2460 Red and green shale 5%, crystalline and white massive anhydrite 95%
- 2470 Red and green shale 5%, crystalline and massive anhydrite 95%
- 2480 Red and green shale 15%, crystalline and massive anhydrite 85%
- 2490 Red and green shale 10%, crystalline and massive anhydrite 90%
- 2500 Red and green shale 15%, crystalline and massive anhydrite 85%
- 2510 Massive and some crystalline anhydrite 40%, red and a small percentage of green shale 60%, trace red sandstone

[illegible]
