

Page 11 - Samples
Viersen & Brown, Robinson #1

- 3365 3375 Red and little green and white shale 65%, massive anhydrite 20%, red fine-textured sandstone 15%
- 3385 Red and little green and white shale 75%, massive anhydrite 15%, red fine-textured sandstone 10%
- 3395 Red and little green and white shale 70%, massive anhydrite 20%, red fine-textured sandstone 10%
- 3405 Red and little green shale 75%, massive anhydrite 20%, red to green sandstone 5%
- 3415 Red and little green shale 80%, massive anhydrite 15%, red to green sandstone 5%
- 3425 Red shale 75%, massive anhydrite 15%, red to green fine-textured sandstone 10%
- 3435 Red shale 70%, massive anhydrite 10%, red to green fine-textured sandstone 20%, white limestone trace
- 3445 Red and little green shale 75%, massive anhydrite 10%, red to green fine-textured sandstone 15%, white limestone trace
- 3455 Red and little green shale 70%, massive anhydrite 10%, red to green fine-textured sandstone 20%, white limestone trace
- 3465 Red shale 10%, tan to white to gray slightly anhydritic limestone 80%, red and green sandstone 10%
- 3471 Tan to white to gray slightly anhydritic limestone 85%, red shale 5%, red and green sandstone 10%
- 3465 3475 Tan to white slightly anhydritic limestone 70%, crystalline anhydrite 15%, red shale 10%, red sandstone 5%
- 3480 Tan to white slightly anhydritic limestone 65%, crystalline anhydrite 30%, red shale 15%, red sandstone trace
- 3485 Tan to white slightly anhydritic limestone 55%, crystalline anhydrite 25%, red shale 15%, red sandstone 5%
- 3490 Tan to brown anhydritic limestone 75%, crystalline anhydrite 15%, red shale 10%, red sandstone trace
- 3495 Tan to brown anhydritic limestone 55%, crystalline anhydrite 30%, red shale 10%, gray to green sandstone 5%
- 3500 Tan to brown anhydritic limestone 45%, crystalline anhydrite 40%, red shale 10%, gray to green sandstone 5%
- 3505 Tan to white anhydritic limestone 65%, crystalline white anhydrite 30%, red shale 5%
- 3510 Tan to white anhydritic limestone 85%, crystalline white anhydrite 15%, red shale trace.
- 3515 Tan to white anhydritic limestone 90%, crystalline white anhydrite 5%, red shale 5%
- 3520 Tan to white anhydritic limestone 55%, crystalline white anhydrite 35%, red shale 10%
- 3525 Tan to white anhydritic limestone 35%, crystalline white anhydrite 55%, tan to gray anhydritic sandstone 5%, red shale 5%

[illegible]
