

- 3525 3530 Tan to white anhydritic limestone 20%, crystalline white anhydrite 80%, tan to gray anhydritic sandstone trace, red sandy shale 20%
- 3535 Tan to white anhydritic limestone 10%, crystalline white anhydrite 70%, tan to gray anhydritic shale 10%, red sandy shale 10%
- 3540 Tan to white anhydritic limestone 50%, crystalline white anhydrite 40%, tan to gray anhydritic shale trace, red shale 10%
- 3545 Tan to white anhydritic limestone 30%, crystalline white anhydrite 10%, tan to gray fine textured anhydritic sandstone 5%, red shale 5%
- 3550 Tan to white anhydritic limestone 65%, crystalline white anhydrite 25%, gray fine-textured anhydritic sandstone 5%, red shale 5%
- 3555 Tan to white anhydritic limestone 30%, crystalline white anhydrite 65%, gray fine-textured sandstone trace, red sandy shale 5%
- 3560 Tan to white anhydritic limestone 35%, crystalline white anhydrite 55%, grayish-white shale 5%, red shale 5%
- 3565 Tan to white anhydritic limestone 35%, crystalline white anhydrite 55%, gray-white shale trace, red sandstone 5%, red shale 5%
- 3570 Tan to white anhydritic limestone 25%, crystalline white anhydrite 70%, gray-white shale trace, red sandstone trace, red shale 5%
- 3575 Tan to white anhydritic limestone 20%, crystalline white anhydrite 65%, gray-white shale 5%, red sandstone 5%, red shale 5%
- 3580 Tan to white anhydritic limestone 25%, crystalline white anhydrite 70%, gray-white shale trace, red sandstone trace, red shale 5%
- 3585 Tan to white anhydritic limestone 15%, crystalline white anhydrite 80%, gray-white shale trace, red shale 5%
- 3590 Tan to gray anhydritic limestone 15%, crystalline white anhydrite 65%, red sandstone 5%, red shale 15%
- 3595 Tan to gray anhydritic limestone 75%, crystalline white anhydrite 20%, red sandstone trace, red shale 5%
- 3600 Gray anhydritic limestone 85%, crystalline white anhydrite 10%, red sandstone trace, red sandy shale 5%
- 3605 Gray anhydritic limestone 90%, crystalline white anhydrite 5%, red sandstone trace, red sandy shale 5%
- 3610 Gray anhydritic limestone 85%, crystalline white anhydrite 10%, red sandy shale 5%
