Re: Application for Unorthodox Well Location
and Non-Standard Unit, TEXACO INC. J. H.
Moore Well No. 1, Section 25, Township 11
South, Range 32 East, Moore (Wolfcamp) Gas
Pool, Lea County, New Mexico

Gentlemen:

Rule 104 F provides for administrative approval for an unorthodox location when the necessity for such unorthodox location is based upon topographical conditions or the recom-
pletion of a well previously drilled to another horizon. As
you are seeking to dually complete a well drilled to another
horizon, your application for an unorthodox location is not
eligible for administrative approval.

Please advise if you desire a hearing concerning your
application for an unorthodox well location and whether or
not you wish your application for a non-standard unit and
dual completion to be included in the hearing or to be
handled administratively.

Very truly yours,

GEORGE M. HATCH
Attorney

Gentlemen:

Rule 104 B provides for administrative approval for an
unorthodox location when the necessity for such unorthodox
location is based upon topographical conditions or the re-
sult of a well previously drilled to another horizon. As
you are seeking to drill a well tilted to another
horizon, your application for an unorthodox location is not
eligible for administrative approval.

Please advise if you desire a hearing concerning your
application for an unorthodox well location and whether or
not you wish your application for a non-standard well and
well completion to be included in the hearing or to be
handled administratively.

Very truly yours,
