Mr. Charles Currier
214 East 5th Street
Roswell, NM 88201

SUBJECT: Status of and
Production from S/2 Sec. 15, T12, R32

Dear Mr. Currier:

As per your phone conversation with Mrs. Evelyn Downs of this office, we are enclosing copies of the latest information on the Texas American Oil Corp. Northeast Caprock Queen Unit Wells #5, #11 and #12 located on the above-mentioned property.

According to our records, the wells are all shut in; however, as you will note on the summary of the production from this unit for February 1982, that 218 barrels oil were produced from the unitized area.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
