Atten: Mr. Montgomery

Re: Delpo-Douthitt Gulf No. 1
NW $\frac{1}{4}$ SW $\frac{1}{4}$ of 21-12-32
Garland A. Smith

Dear Mr. Montgomery:

I enclose five executed copies of C-110 showing change of ownership to Allied Supply Company. Three certified copies of the Order, confirming the sale to Allied Supply Company are also attached.

This is filed for the purpose of obtaining authority to sell the oil in storage to Cities Service Oil Company, who was the purchaser of production while Mr. Smith was producing this well. The oil now in storage amounts to about 361.47 barrels, which will be reduced by about 25 barrels during treating process.

If you will process the matter and issue the necessary orders, we can get this part of the transaction behind us.

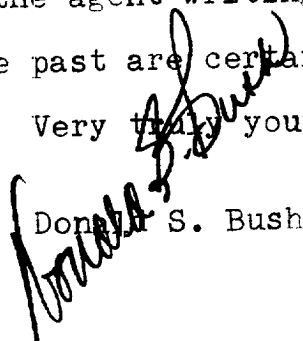

By copy hereof I notify Cities Service of this development.

For your information, no Notice of Intention to Plug is filed. Allied is attempting to obtain a lease from the various mineral owners and will produce the well if obtained.

The necessary bond for Allied has been ordered and will be mailed direct to you from the agent writing it.

Your courtesies in the past are certainly appreciated.

Very truly yours,

Donald S. Bush
