ALTERING CASING ☐
PLUG AND ABANDONMENT ☐

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was originally completed as a dual completion; however, the Cisco zone has been abandoned for several years. IN May, 1975, we ran two packers in the hole to isolate the perforations (9360-9418') - one set at 9540' and the top packer set at 9285'. We are currently producing from the Devonian (East Caprock Devonian Field).

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
