Subject: Wildcat Well
Lease Expires June 10, 1951
NW/4 of NW/4, Sec. 26, T12S, R13E
Lea County, New Mexico

32E
32E

Gentlemen:

On behalf of Mr. Charles Neuman de Vegvar and his associate Mr. Edward Neuman de Vegvar, we are in the process of trying to locate Berger & Briggs by long distance telephone, as well as Mr. R. R. Spurrier, State Geologist at Santa Fe, but the reports at the moment are that the lines are down. We are anxious to use every urgency method to speed up the transaction of the bond on subject well.

The enclosed bond has been duly prepared and executed and it is our request that you immediately process this bond in accordance with the rules and regulations of the State of New Mexico, and immediately transmit by the fastest means of communication to Mr. R. R. Spurrier, State Geologist, Capitol Building, or P. O. Box 871, Santa Fe, New Mexico, for his or the Oil Conservation Commission approval.

It is our understanding that upon receipt of this bond that Mr. Spurrier will secure its approval by the Oil Conservation Commission and then will immediately telephone the district office of the Oil Conservation Commission at Hobbs, New Mexico, so that the District Office may then approve the intention to drill the well above captioned. In view of the early expiration of the lease involved, we will greatly appreciate all courtesies and efforts rendered by yourselves and Mr. Spurrier.

Yours very truly,

PHILLIPS PETROLEUM CO.
