Attention: Mr. Roy Yarbrough

Gentlemen:

Enclosed you will find Oil Conservation Commission Form C-110 in quadruplicate with reference to Cooperative Producing Association - Livermore Ohio State #3. You will note that this instrument was originally made on August 13, 1948 and the writer's signature notarized as of that date. The instrument was mailed in quadruplicate to your Santa Fe office on that date.

You will also find Oil Conservation Commission Form C-110 for Cooperative Producing Association, Livermore State G #6. This form was completed originally on August 13th and the writer's signature notarized as of that date. This form also was mailed to your Santa Fe office on that date.

You will also find enclosed Oil Conservation Commission Form C-105 in triplicate for Cooperative Producing Association Livermore Ohio State #3 and Livermore State G #6 in triplicate. These forms were completed and originally signed by the writer on August 16, 1948, and notarized as of that date and forwarded to your Santa Fe office.

Pursuant to our telephone conversation this morning you advised that Santa Fe has failed to receive these forms that are above described, therefore, we would appreciate very much if you would approve these forms and allow us to immediately continue with the production of crude oil from the two wells involved. If this is possible, please advise our Mr. Smith who will deliver these forms to you and he will proceed to Caprock and so advise our Superintendent, Mr. Holloway.

A copy of this letter is being directed to Mr. Spurrier of your Santa Fe office for his observation.

In the future, all forms with reference to the completion of wells in New Mexico by this company will be directed to the proper destinations by registered mail in order that there will be no delay and all parties concerned may be satisfied.

We would appreciate it if you would please acknowledge receipt of this letter with its enclosures on the copy submitted herewith.

Yours very truly,
COOPERATIVE PRODUCING ASSOCIATION
