Re: State LW #1  
Unit H - Sec 2 - T-10-S - R-33-E  
P & A Re-entry

Gentlemen:

In response to Jerry Sexton's letter, copy attached, concerning the cleanup inspection of the State LW #1, please be advised that BACO has recently drilled and completed the State "K" #3 which is 50' north of the captioned well. The location is now in use and a final inspection is no longer necessary.

Very truly yours,

RE: CLEANUP INSPECTION AFTER PLUGGING OF WELL

Gentlemen:

The Oil Conservation Division Field Representative attempted the final inspection of your State LW #1-H, 2-10-33.

However, the following items are required to be completed before the final inspection is approved and the location released:

Location needs levelled

Mounds of dirt & big caliche rocks all around edge of pad.

Please check off items as they are completed and return a copy of this letter to this office at the above address, or you may call the above phone number and notify Eddie Seay when the location is ready for inspection.

Very truly yours

OIL CONSERVATION DIVISION
