LAND COMMISSIONER GUY SHEPARD
MEMBER
STATE GEOLOGIST R. R. SPURRIER
SECRETARY AND DIRECTOR

P. O. BOX 871
SANTA FE, NEW MEXICO

December 21, 1950

Mr. Roy Yarbrough
Oil Conservation Commission
Box 1545
Hobbs, New Mexico

Dear Roy:

Enclosed is a copy of a letter written to Mr. H. S. Moss in care of the agent in Albuquerque who is handling the bond for well to be drilled in SW SW 32-11S-33E, Lea County. I believe it will be self-explanatory.

I understand that there is a timelimit on the spudding of this well, and this may be your authority to approve the C-101 form so that operations may begin. As you may note, approval of the operator's bond is being delayed through a technicality, but we feel that this should not be allowed to throw the operator off in his planned program. So, all other things being in order, we should soon have the bond approved for our records.

We do not have the address of Mr. Moss other than that of his agent, and we therefore enclose an extra copy of our letter for your transmittal to him in case you see him before he receives the original.

Sincerely,

R. R. Spurrier
