RE: Overlap of Dedicated Acreage - Bagley Siluro Devonian Pool  
State C AC-1 #1-B Com Sec 2, T12S R33E  
State C AC-1 #2-F Sec. 2, T12S, R33E  
State C AC-1 #5-C Sec. 2, T12S, R33E

Gentlemen:

It has come to my attention that you have an overlap of dedicated acreage on the wells listed above. The Bagley Siluro Devonian Pool has 80-acre proration units. A review of the acreage dedication plats indicates that the NE/4 of NW/4 is dedicated to two proration units.

Wells #2-F and #5-C share the E/2 NW/4, but the plat for #1-B also has the NE/4 NW/4 as part of its dedicated acreage. It appears we need a revised acreage dedication plat for the #1 well showing the N/2 NE/4 as its dedicated acreage. If this is correct, please file the revised plat. If this is not correct, please advise how the acreage is to be dedicated.

Very truly yours,

OIL CONSERVATION DIVISION
