17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated cost of any proposed work) SEE RULE 1103.

Well shut in. TA'd in August 1969 due to water disposal Problems.
Texas Pacific recently converted its State "B" A/c 1 No. 2 to disposal service, and Amerada-Hess has started injection into a new well. This should alleviate past disposal Problems, and permit returning this well to active status in 1976.
