Gentlemen:

In checking our file for your State "C" A/c-2 Well No. 1 in Unit A of Section 4, T-12-S, R-33-E, Bagley Upper Pennsylvanian Gas Pool, we find that in order to bring the file up to date it will be necessary for you to submit Form C-103 showing the results of the dual completion and also the present status of the well, and all other forms required by DC Order No. 480 with the exception of Forms C-110 and C-128.

Further, if you plan to dedicate 160 acres as indicated by Form C-128 which is presently on file, it will be necessary to obtain a Non-Standard Proration Unit Order since Commission Order No. R-1091 sets up 320 acres as a standard unit in this pool. Any dedication other than 160 acres will also require a revised Form C-128.

Yours very truly,

OIL CONSERVATION COMMISSION
