Oil Conservation Commission  
P.O. Box 2045  
Hobbs, New Mexico.

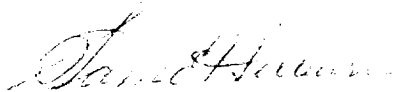

Gentlemen:

Enclosed herewith is Form C-101 requesting permission to drill our No. 1-14 Bogle Farms in Section 14, Township 11-S, Range 34-E, Lea County, New Mexico. Attached to the first 3 copies is form C-128 indicating the unit in which the well is located.

This location is on the same base lease as our No. 1-10 Bogle Farms which was to be our second well in the area. However, due to the fact that we were undecided as to the second location, we are therefore filing the No. 1-14, which very likely will be the second well drilled in the area.

Very truly yours,

CAMERON OIL COMPANY

Sam E. Hilburn
