SUBJECT: Bogle Farms SWD Well #1  
660/S & 660/W, Sec 16, T11S, R34E

Gentlemen:

The above-referenced disposal has been inactive for many years. It appears there is no further need for this well for disposal purposes and it should be plugged and abandoned.

You are requested to submit your proposal for plug and abandonment of this well within the next 30 days. The plugging operation should be completed within 60 days.

If for some reason the owner wishes to delay plugging until a later date, you must pressure test the casing if the well is to be left shutin.

We require 24-hour notice prior to commencing plugging operations or pressure testing.

Very truly yours,

OIL CONSERVATION DIVISION

Dear Ms. McDonald:

My clients have delivered your letter of March 25, 1986 to A. F. Roberts, Jr. to me for response. As you know, there is no one to file the reports you indicate. My clients will be happy to cooperate with you but there is no desire on their part to become obligated for any part of this particular salt water disposal well. I would recommend you get in touch with the bondsman and have him contact me if he has any questions about our position.

Sincerely,

JAMES E. SNIPES

I should like to clear up the fact that Donna McDonald is with the Oil Conservation Division and Donna Holler is with Oil Reports & Gas Services, Inc.

No one advised me that you were the attorney for Elsie McMillon.

No one has advised me what response I should make to the Oil Conservation Division for monthly reports on the Bogle Farms #1.

Dear Ms. Holler:

In response to your note of April 25, 1986 to Elsie McMillon, A. F. Roberts, Jr. has been deceased for many years now. There is not, and never has been, a probate of his estate and Mrs. McMillon cannot assume his responsibilities to plug abandoned wells.

It is awkward to receive your correspondence from my clients, would you please send any correspondence directly to me?

Sincerely,
