If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Originally the Federal Gov't requested we do an integrity test. Well needs to stay TA'd unless gas prices improve or we can drill a new abo test in the NE/4 of the Section. If successful we would want to deepen this to the abo. Need at least 12 to 18 months before this decision can be made.
