

INSTRUCTIONS

This form is to be filed with the appropriate district office of the Conservation and Forestry Department within 45 days after the completion of any newly-drilled or deepened well. It shall be accompanied by copy of all electrical and radioactivity information, the well record summary of all special tests conducted, including drill stem tests. All dry hole reports shall be measured depths. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, forms 21 through 24 shall be reported for each zone. The form is to be filed in triplicate except on state land, where six copies are required. See Rule 1116.
