ATTENTION: Mr. R. F. Montgomery, Proration Manager

Dear Mr. Montgomery:

In regard to your letter of November 5, 1956, as to the filing of forms in regard to the Doolin Drilling Company No. 1 Vickers State in Unit O in Section 8, T-11S, R-38E, Lea County, New Mexico, and located on State Lease #E904-2, I would like to report that the only other information that I have filed has been a monthly drilling or status report to the Commissioner of Public Lands in Santa Fe. The last one was under date of November 1, 1956, and the report was, drilling at 87' in redbed. I have been sending one of these each month and did not realize that your office in Hobbs was to receive a copy of this. If this is the information to which you refer in your letter, and if you would like a copy of this monthly report, and unless I hear from you otherwise, I will assume this is what you are writing about and will henceforth send you a copy of the monthly report to Hobbs; however, if you would like a copy of the monthly reports which I have sent to Santa Fe for the previous months, I would be most happy to furnish you with these.

Thanks very much for your help and cooperation in this matter, and if and when you are in Midland, please feel free to drop by.

Yours very truly,

DOOLIN DRILLING COMPANY
