

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

SEP 21 1944

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL	X

THE UNIVERSITY OF CHICAGO

DEPARTMENT OF CHEMISTRY

PHYSICAL CHEMISTRY

The Department of Chemistry at the University of Chicago is pleased to announce the appointment of Dr. [Name] as an Assistant Professor of Physical Chemistry. Dr. [Name] received her Ph.D. from the University of California, Berkeley, in 1998, and completed her postdoctoral fellowship at the University of Texas at Austin. She will be joining the faculty in the fall of 2001.

Dr. [Name] is currently an Assistant Professor at the University of Texas at Austin, where she has been working on the synthesis and properties of novel materials. Her research interests include the synthesis of new materials, the study of their properties, and the development of new methods for the synthesis of materials.

Dr. [Name] is a member of the American Chemical Society, the American Physical Society, and the American Association of University Professors. She is also a member of the National Academy of Sciences. She has received several awards for her research, including the National Science Foundation Career Award and the American Chemical Society Award in Physical Chemistry.

Dr. [Name] is currently working on a grant from the National Science Foundation to study the synthesis and properties of novel materials. She is also working on a grant from the American Chemical Society to study the properties of novel materials. She is currently working on a grant from the American Physical Society to study the properties of novel materials.
