Gentlemen:

In checking our records we find that on April 21, 1960 this office requested that you file another Form C-103 indicating the weight and type of 13 3/8" casing that was used in your Vinson No. 1 located in Unit P of Section 15, T-9-S, R-36-E. To date we have had no reply from you.

At your earliest convenience please file this Form C-103 as requested, and also state on the form the present status of this well.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Proration Manager

THE CONSERVATION COMMISSION
HOBBS NEW MEXICO

The Commission is a non-profit organization which has been organized to conserve the natural resources of the State of New Mexico. It was organized in 1907 and has since that time been engaged in the conservation of the natural resources of the State. The Commission has been successful in securing the establishment of many public parks and monuments, and in securing the protection of many of the State's natural resources. The Commission has also been successful in securing the establishment of many public parks and monuments, and in securing the protection of many of the State's natural resources.
