17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The Disposal of produced salt water by injection into the annulus between the 8 5/8" intermediate casing and the 5 1/2" production casing was approved by Commission Order No. R-3052.

This method of disposal was abandoned as of August 1, 1968. Produced water is now being disposed of in a SWD system operated by New Mexico SWD Co., Inc.

A slug of treated water was injected down the annulus and the 8 5/8" casing valve shut-in before abandonment.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
