17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

There was no plugging and abandonment as per prior notice to do so by Hobbs Pipe and Supply. The well was produced to February 1, 1973, and put back on production the latter part of March after pulling and lengthening the tubing. The tubing was pulled and lengthened by 360 feet, putting a total length of tubing in the well of 9,000 feet, with total exact total depth of the well being 12,230 feet. This was all the remedial work that was done on the above captioned well since the notice to plug and abandon.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
