

OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO 88240

October 10, 1974

Mr. R. L. Stamets, Technical Support Chief
New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Dear Mr. Stamets:

Mr. John W. Runyan of this office recently made an inspection of the Hill & Meeker State 10 Well No. 2 located in Unit D of Section 10, T-10-S, R-36-E. The subject well has been plugged and abandoned, and the inspection by Mr. Runyan indicates that the surface has been restored and can be approved for final plugging and abandoning.

Our well file on this well is reasonably complete, except that we have no Form C-103 covering the plugging of the well from the base of the intermediate casing to the surface of the ground. However, we do have on Form C-105 a description of how the well was plugged.

It is, therefore, my recommendation that this well be considered plugged and abandoned, and that the file be closed at this time.

We have attempted to contact Hill & Meeker for this remaining form, but have heard nothing from our inquiries.

I am attaching a copy of Mr. Runyan's Field Trip Report for your records.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1

JDR/mc
Attach.

OR CONSERVATION COMMISSION

HOBBES, NEW MEXICO 88240

1971
