Gentlemen:

This is our fourth letter to you concerning the abandonment of the above-referenced well.

The well was temporarily abandoned with junk in the hole back in 1982. After several letters, you did submit your intention to plug in April 1983. However, as of this date, we have had no indication from you that you plan to commence plugging in the near future.

We feel we have been more than patient in this matter and that you have had adequate time to get the well plugged. We hereby request that you commence plugging operations within 90 days.

Very truly yours,

OIL CONSERVATION DIVISION
