Re: Murphy State A #1

Lea County, NM

Dear Sir:

Per your letter of September 6, 1991, please be advised that the above referenced well has not been plugged. Shortly after we filed the intent to plug, we were contacted by a party who offered to buy our interest and take over operations. We agreed to sell but the other party delayed closing and finally the sale fell through. Due to a lack of intercompany communications, we were just recently notified of this. So we have now submitted a new bid package to production and salvage companies offering this well for sale.

Should anything further be necessary, please feel free to contact me.

Sincerely,

Charlotte Van Valkenburg
Technical Coordinator
