

INSTRUCTIONS

This form is to be filed with the appropriate district or state oil and Commission not later than 20 days after the completion of any newly drilled or deepened well. It shall be accompanied by an original log book and a summary of all special tests conducted, including drill stem tests. All depths reported shall be rounded up. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, the log shall be reported for each zone. The form is to be filed in quadruplicate except on state land, where six copies are required. See Table 10-1.
