Well was put on pump for one day to test well pumped  
14 Bbls Oil and pumped off.  
It was decided not to put well back on production at this time, as more  
study was needed.  
Since there was only 14 Bbls. in the tank, it was decided to haul the oil over to  
the Morton Federal Lease (NM0127905) for use. Notification of this was  
sent to transporter and NMOCC.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
