RE: CONTINENTAL STATE #2, UNIT M, S07-T10S-R34E

Gentlemen:

The above referenced well has recently been inspected by an Oil Conservation Division Representative, in an attempt to release the location.

However, before this can be done the following items need to be completed.

1. Remove all trash and cable from location.
2. Pump base and cellar area need to be filled and levelled.

When the above items have been done, please contact Jerry Sexton at 505-393-6161 or sign this letter below and return it to our address stated above.

Very truly yours,

JERRY SEXTON
