Midland, Texas 79701

Gentlemen:

On August 6, 1973, this office advised you of certain things that were to be done at the locations of your plugged and abandoned Battles 687 Ltd. No. 1 located in Unit B of Section 7, T-9-S, R-36-E, and Capitan 687 Ltd. No. 2 located in Unit L of Section 2, T-9-S, R-35-E, before the final plugging and abandoning could be approved. To date we have heard nothing from you as to whether the work has been done.

Please inspect these locations, do whatever work is necessary to comply with the specifications of this Commission, and notify this office when the work has been done.

We will expect to hear from you at an early date.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1

THE CONSERVATION COMMISSION

NEW YORK, N.Y. 10001

June 1, 1964

Mr. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D.C.

Dear Sir:

I am writing to you regarding the recent activities of the Conservation Commission, which has been established by the New York State Legislature. The Commission is composed of representatives from various conservation organizations and is charged with the task of studying and recommending measures to protect the state's natural resources. We are currently conducting a study of the state's wildlife resources and are seeking information from all interested parties.

We are particularly interested in the activities of the various hunting and fishing clubs and organizations in the state. We would like to know the names of these organizations, their membership, and the types of activities they engage in.

If you have any information that would be helpful to our study, please let us know.

Sincerely,
John J. Frawley

John J. Frawley, Chairman
