Casing Leak Survey ☒

Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In preparation for the csg. leak survey, the braden heads (surface, intermediate, production) have all been dug out and risers installed to bring them to ground level. New Mexico Oil Conservation Commission Inspector Melvin Crossland has inspected the risers and approved them.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
